<b>After inhalation:</b>	If inhaled, remove to fresh air. Get medical attention if symptoms occur
<b>After contact with skin:</b>	Wash off with soap and plenty of water. Consult a physician.
<b>After contact with eyes:</b>	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if effects occur.
<b>After ingestion:</b>	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.
<b>Advice to doctor / Treatment:</b>	Treat symptomatically and supportively.

### 5. FIRE FIGHTING MEASURES

<b>Suitable extinguishing media:</b>	Water spray Alcohol-resistant foam Dry chemical Carbon Dioxide (CO <sub>2</sub> )
<b>Unsuitable extinguishing media:</b>	High volume water jet
<b>Specific hazards during firefighting:</b>	Do not use a solid water stream as it may scatter and spread fire Flash back possible over considerable distance Vapors may form explosive mixtures with air Exposure to combustion products may be a hazard to health

Circumstances and the surrounding environment.  
 Use water spray to cool unopened containers.  
 Remove undamaged containers from fire area if it is safe to do so.  
 Evacuate area.

**Special protective equipment for fire-fighters:**

In the event of fire, wear self-contained breathing apparatus.  
 Use personal protective equipment.

## 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions**

Remove all sources of ignition. Use personal protective equipment.  
 Follow safe handling advice and personal protective equipment recommendations.

**Environmental Precautions**

Prevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system. Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Local authorities should be advised if significant spillages cannot be contained.

**Methods for Containments and Clean-up**

Non-sparking tools should be used.  
 Soak up with inert absorbent material  
 Suppress (knock down) gases/vapors/mists with a water spray jet  
 For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container.  
 Clean up remaining materials from spill with suitable absorbent.  
 Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable.  
 Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

**Engineering Controls**

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Provide adequate general and local exhaust ventilation.

**Personal Protective Equipment (PPE)****Eye/Face Protection**

Face shield and safety glasses Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN166(EU).

**Skin Protection**

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

**Respiratory Protection**

General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respiratory regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection.

**General Hygiene Considerations**  
or drinking.

Wash hands before and after use and before smoking eating
