

LOCK'ER DOWN

Security Products

Instructions for Model 2003

1. If you have a combination lock, it is easier to set the combination before installing the safe.
2. Remove the plastic Tub inside the console and retain the screws.
3. There are 4 screws also in the very bottom
4. Drop the safe in to replace the tub, and replace the screws, you will have the 4 that held the lid and 2 in the rear of the tub that will no longer be needed.
5. Replace the lid of the console using the included new screws.
Enjoy your purchase.
