

CLEAN SCREEN

ELECTRONIC SCREEN CLEANER KIT

DESCRIPTION:

Technician's Choice® TEC305KIT Clean Screen - Electronic Screen Cleaner Kit utilizes a unique, high quality, water-based cleaner with an anti-static for all navigation systems, touch screens, monitors, notebooks/laptops, televisions, camcorders, PDSs, scanners, and copy machines. Clean Screen works to remove dirt, dust, fingerprints, nicotine & haze deposits. The microfiber material of the TEC1005 ensures a smooth, uniform application of TEC305 clean screen, reducing streaks and maximizing the product's effectiveness. The soft microfiber is gentle on delicate surfaces, such as glass and screens, helping to avoid scratches or damage during the cleaning process. The ergonomic design and absorbent nature of the sponge make it easy to handle and spread the cleaner, reducing waste while improving coverage and cleaning speed.

CONTAINS:

- (1) 2oz. Bottle of TEC305 Clean Screen
- (1) TEC1005 Microfiber Coating Applicator Sponge

DIRECTIONS: Make sure device is off and cool to the touch. Spray a small amount of TEC305 on to the TEC1005 Applicator and wipe surface clean. Do not saturate applicator. Do NOT spray the surface directly. To maintain, use regularly.

OUTSTANDING FEATURES:

- For Auto, Home & Office
- Water-based
- Anti-Static

When paired with the TEC1005:

- Even Product Application
- Non-Scratch Surface
- Improved Efficiency

AVAILABLE SIZE(S):

- (12) Kits/Case
