

WeatherTech®

Terry Cloth Seat Cover

INSTALLATION INSTRUCTIONS

1 Unfold Terry Cloth Seat Cover, ensuring the hood is at the top and the terry cloth side is facing out.

2 Place the hood of the cover over the headrest.

3 To secure, stuff the pillowed anchors into the crease between the seat and seat back.

4 Stretch the bottom of the cover around the base of the seat. If using on a bench seat and not a bucket seat, the bottom of the cover will hang loose.

5 Pull the straps around the bottom of the seat. Buckle and adjust to a snug fit.

6 Congratulations! You have installed your WeatherTech Terry Cloth Seat Cover.

TO REMOVE:

Unbuckle the strap, lift the base, tug on the pillow anchors until released from the seat, and lift over the headrest.

CLEANING INSTRUCTIONS:

Machine wash cold. Tumble dry on a low, gentle cycle.
